

Name of Student:		
Social Security Number:		
Date of Birth:		
Citizenship:		
Do you have previous research experience?		
Do you have an advanced academic degree? ___Yes ___ No		List your degrees:
Present Address:		Summer Address (if different):
Email Address:	Beeper Number:	Telephone Number(s):

Title of Project:

Abstract. On a separate sheet, describe concisely the following:

1. Hypothesis - a statement that can be supported or refuted by your data.
2. Specific aims - a list of your goals and approaches.
3. Methods.
4. Anticipated results.
5. Significance of this research.
6. Value of the training experience.

The abstract should be written by the student with advice from the mentor. A well-conceived and well-written proposal is an important criterion for funding. A poster presentation on Research Poster Day and a written report in the fall are required from each student.

Name of Sponsor:	
Department:	
Location of Laboratory:	
Telephone of Sponsor:	Sponsor's Email Address:
(1) Biosketch of PI (NIH format only, please attach)	
(2) Grant Numbers under which this research will be conducted? (Even though you will be paid under Dr. Chung's Summer Research Training Grant, please provide your sponsor's grant number, grant funding agency, and grant approval date, under which you will be working.)	
(3) Animal Studies Committee Approval?	Must attach copy of approval letter from ASC with this application.
Human Studies Committee Approval?	Must attach copy of approval letter from HSC with this application.

NIH appointment forms will be completed in May. The required period of this fellowship is at least two months full-time. No Moonlighting.

Inclusive Dates: FROM JUNE 1, 2008 TO JULY 31, 2008

PLEASE NOTE THAT (AS STATED ABOVE) YOU MUST SUBMIT WITH THIS APPLICATION:

(1) SPONSOR'S BIOGRAPHICAL SKETCH IN NIH FORMAT, (2) GRANT INFORMATION REQUESTED ABOVE AND (3) ANIMAL OR HUMAN STUDY APPROVAL LETTERS, IF APPLICABLE.

Sponsor's Signature: _____
